@UCL_dPHE #DPH2019

The International Digital Public Health Conference series is a world leading annual interdisciplinary event on research and innovation in digital health.

WHY SHOULD YOU BE THERE?

Marseille is hosting the 9th International Digital Public Health Conference 'DPH 2019' - the dedicated digital health space at the 12th European Public Health Conference.

DPH 2019:

- Is the official collocated Digital Health event of the EPH conference
- Offers internationally renowned speakers, leaders in their field who bring their intellect and expertise
- Offers a dedicated Track for Postgraduate Students and Early Career Researchers
- Offers opportunities to pitch your work and ideas to the Innovation Prize panel to win prizes for innovation
- Will be packed with diverse opportunities including the DPH Gala Dinner, to network with academics, innovators from across DPH and EPH audiences

RAISE YOUR PROFILE IN DIGITAL PUBLIC HEALTH

DPH is completely unique in bringing together audiences from Public Health, Computer & Data Science, MedTech industry and NGOs. This event offers you exceptional opportunities to network, raise your profile in the digital public health community and gain access to valuable opinion-leaders, policy-makers and researchers.

CUTTING EDGE TOPICS INCLUDE:

- Technology support of essential public health operations (EPHO)
- Public health interventions
- Disaster risk reduction (DRR) using mobile technologies
- Serious games and digital storytelling
- Behaviour change
- Citizens science, Participatory Surveillance and Crowdsourcing
- IoT/sensors
- Big data modelling and Machine Learning
- Data Science
- Preparedness and response to emergencies
- Infectious diseases and public health education
- Community engagement
- Infection control and antimicrobial stewardship
- Individual vaccination passports
